PROJECT NAME: Autumn Archives

# Purposes:

- ★ Explore and appreciate key eras in art and history
- ★ educate others through a visually engaging website
- ★ To present iconic landmarks and artworks in a creative format

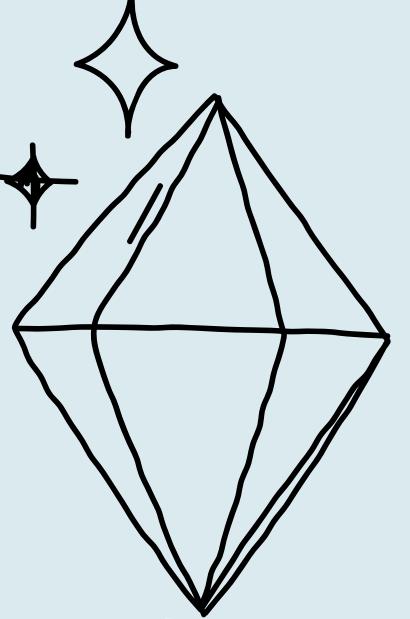

## Background and Inspirations

Our project was inspired by the timeless beauty of history and art. We've always been fascinated by the beauty of the past — the stories behind ancient monuments, the emotions in a painting, and how art reflects people and cultures.

This project started from our curiosity and love for history and creativity. We wanted to create something meaningful, where others could explore and appreciate the wonders and art that shaped our world.

The screenshot shows a website header with the logo "Autumn MUSEUM Archives" and the text "since 2025". Below the header is a navigation bar with links: FASHION (underlined), 7 WONDERS, ART PIECES, and HOME. The main content area features a large image of a Paleolithic cave painting, specifically the Great Hall of the Bulls from Lascaux. Overlaid on the painting are the words "PALEOLITHIC ART" in large white letters and "-Lascaux Cave Painting (17,000 to 22,000 years old)" in smaller white text.
